APPLICATION GUIDELINES

Applicants decide whether they share our vision, focuses and ways of working

Applicants fill out a brief outline application to give us an idea of what they do and what they would like to achieve

The Committee sort through all the outline applications to create a shortlist of applicants from whom they would like more detailed information

Shortlisted applicants are invited to submit further details as required. This stage would include face-to-face interviews and perhaps a visit to each applicant's organisation

Based on details gathered from the full applicants, visits, referee reports and other research, the Committee decides which application best fits with the criteria. The successful applicant is advised.

Committee members work with successful applicant to develop meaningful and useful accountability requirements, which will include a presentation to the Club at the outset and progress reports until completion, and keep in contact throughout the course of the grant.
